

CASH FOR KIDS 2: OPERATION DETROIT PLANTATION

Federal Intelligence Packet — Full Network Map

To: FBI Detroit, DEA Detroit, IRS CI Detroit, DOE OIG,
USAO E.D. Mich., FinCEN, MI AG, USTP

From: Kevin Mok | (586) 453-7233 | mokkevin@msu.edu

Date: September 22, 2026

THE NAME: In 2008, two Pennsylvania judges were convicted of taking \$2.6 million in kickbacks to send children to private detention facilities — "Kids for Cash." Detroit is the same structure at city scale, applied to every institution that touches residents' lives.

The schools: Sitting judges chair charter school boards that funnel \$4.3M/year through a convicted felon's private LLC. 362 children — 99.2% Black, 90.9% free lunch — get 3% math proficiency. The per-pupil funding is the cash. The children are captive.

The courts: Wayne County's 50,000+ case backlog means functionally nobody gets a trial. Residents plead out or accept detrimental deals because the alternative is indefinite waiting in a system where the judges are the network. Six judges documented in this packet have undisclosed ties to the same enterprise.

The housing: The County Treasurer's office forecloses on tax-delinquent homes, seizes surplus equity the Supreme Court ruled unconstitutional to keep, and the Treasurer's own family buys properties at auctions he administers. His son — now a judge — was previously in-house counsel for a company facing RICO allegations for flipping those same foreclosed homes to foreign investors at 80x markup.

The extraction: Every dollar flows the same direction — OUT of Detroit into the wealthy surrounding ring. Banks lives in Grosse Pointe Woods. Holland's properties are in Harper Woods. Adam Sabree's firm is in Birmingham. Metro Property Group operated from Dearborn. Evans practices from Southfield. Detroit is the extraction zone. Its institutions don't serve residents — they capture them.

The plantation is not a school. The plantation is the city.

WHY YOU ARE ALL RECEIVING THE SAME PACKET: Each of your agencies has jurisdiction over a different piece of this network. None of you has the full

picture. I am not bound by your information silos. This packet gives every agency the complete map — every name, every entity, every money flow, every connection — so you can coordinate or act independently. The evidence chain starts with a custody case and ends at the Black Mafia Family.

WHAT THIS DOCUMENT IS: *This packet is being delivered to all eight agencies simultaneously, via email, fax, and certified mail with return receipt. A timestamped, cryptographically verifiable copy is archived at git.primals.eco/publicRecord/detroit. Every source cited in this document is a public record — PACER, Wayne County ROD, LARA, IRS TEOS, published books available on Amazon, school websites, LinkedIn profiles, and news articles going back to 2012. One person assembled this in under a month from materials that have been available to your agencies for years.*

*As of the date above, this document constitutes **notice** to every recipient. The network map, the evidence citations, the RICO elements, and the election timeline are now in your possession. Every agency that receives this packet will know that every other agency received it too. The silo is broken — not by inter-agency coordination, but by a single complainant who put it all in one place.*

What happens next is your decision. But it is now a decision on the record.

1. EXECUTIVE SUMMARY — THE NETWORK IN ONE PAGE

This packet documents a pattern of institutional capture across Detroit's schools, courts, treasury, and oversight bodies. At the center is a convicted felon running two charter schools. Around him: six sitting judges with undisclosed ties, a county treasurer whose family exploits the foreclosure pipeline he administers, a city council member elected with dark money from a drug trafficker's nonprofit, and an ombudsman who authorized a school and then moved into the office that handles complaints about it. The common thread is extraction: public resources — per-pupil funding, tax foreclosure surplus, court access, oversight authority — are captured by network members and converted to private benefit. The value flows out of Detroit (99.2% Black, median income \$31K) into the surrounding suburbs where the beneficiaries reside.

The Principal:

Brian Roderick Banks is a convicted felon (false statements, 2017) who:

- **Served 4 years** in the Michigan House of Representatives using fabricated credentials (claimed J.D. from MSU Law — never admitted to any bar)
- **Runs two charter schools** (MacDowell Prep, Purpose Charter Academy) serving ~400 Detroit children through a CMO he controls (The Purpose Group LLC)
- **Lists "Brian Banks, J.D., Ph.D."** on official school websites, LinkedIn, and conference bios — the J.D. is a lie; the Ph.D. dissertation itself lists the fake J.D. on its cover page (Walden University #12627)
- **Uses a convicted drug trafficker** (Joseph Holland Jr., MDOC #443789, discharged "WITHOUT IMPROVEMENT" May 2024) as treasurer of his PAC, officer of his nonprofit, and successor trustee of his living trust
- **Is the nephew of Tonesa Welch through blood father OD Banks** (BMF Defendant #22, 2:05-cr-80955), whom he endorsed in her 2026 book while running federally funded schools — Welch's book confirms the Banks surname is paternal bloodline, not marriage
- **Has 3 personal bankruptcies**, his treasurer has 5, his attorney has 4 — 28 total across the network
- **Ran a dark-money charity** (Right Turn Project) at Holland's property address (21456 Newcastle Rd — held as JTWRs by Banks and Holland) while simultaneously receiving \$20,000 from an auto insurance SuperPAC and sitting

- on the House Insurance Committee
- **Has \$14,500 in unpaid campaign finance fines** — referred to the MI AG for failure to file in both Oct 2023 and Apr 2025
 - **His mail carrier** (Leon A. Smith, USPS) intercepted certified legal mail, forged green card signatures, then physically assaulted the complainant's family — USPS OIG Cases #174517, #202990, #208322

The network includes sitting judges, a county treasurer under active FBI scrutiny for self-dealing, a city council member elected with dark money from a convicted drug trafficker's nonprofit, state legislators, and entities already under active federal litigation including a class action (Bowles v. Sabree, 20-cv-12838) challenging the same foreclosure pipeline the Sabree family exploited.

One network judge (Adam Sabree) was previously in-house counsel for Metro Property Group, LLC — a company facing RICO-level fraud allegations in your court (Llewellyn-Jones v. Metro Property Group, 2:13-cv-11977) for defrauding foreign investors through the same Detroit foreclosure pipeline his father administers as Wayne County Treasurer.

This is not one bad actor running one school. This is a capture pattern across every institution residents depend on: the schools that educate their children, the courts where they seek justice, the treasurer who holds power over their homes, and the ombudsman who is supposed to hear their complaints. Every extraction point feeds the same network. Every exit leads to the same suburbs.

2. ✂ HOW SILOING ENABLED THIS — WHY YOU NEED ONE PACKET, NOT EIGHT

This network did not succeed because its members were sophisticated. It succeeded because your agencies don't talk to each other, and the network learned to operate in the gaps between your jurisdictions.

What Each Agency Sees In Isolation:

Agency	What You See	What You Don't See
DOE OIG	A charter school superintendent with bad test scores	That he's an 8-time felon with a fake J.D., that his financial officer is a convicted drug trafficker, that 3 sitting judges chair his school boards, and that the same CPA firm appears across network entities

FBI Detroit	An old wiretap intercept from Operation Northern Hook	That the man on the wiretap now runs two schools worth \$7M/yr in public funds, employs a BMF-connected drug trafficker, and has 6 judges providing institutional cover
DEA Detroit	A closed BMF case (Tonesa Welch, D-22) from 2008	That her blood nephew (through father OD Banks) is running federally funded schools with a convicted drug trafficker as financial officer, endorsed her book while receiving Title I funds, and both sides published autobiographies confessing to their crimes
IRS CI	A dissolved charity (Right Turn Project) that never filed	That the same operator now controls a \$5M charter school CMO, a new 501(c)(3), and a dark-money nonprofit — all at two addresses he shares with a convicted felon — AND has spent an estimated \$68K–\$280K over 4 years hosting political events at DC's Grand Hyatt and upscale restaurants during CBC Week, plus a sold-out \$162/ticket black-tie gala in Detroit, all while his only income is public school funds
USAO	Multiple Sabree foreclosure cases in your docket	That the Treasurer's son was in-house counsel for a RICO-accused fraud operation exploiting the same pipeline, then managed litigation for dad's office, and is now a judge
FinCEN	SARs (if filed) from banks handling Banks/Holland accounts	That the underlying money flows through a charter school → private LLC → trust → HELOC pipeline, with a nominee felon handling cash across every entity
MI AG	Campaign finance non-compliance referrals (PAC fines)	That the same network of noncompliant committees shares a vendor (Inner Link, \$98K), a treasurer (Holland), and is run by a man who also controls two charter schools and a nonprofit
USTP	Holland's serial bankruptcies	That he may have hidden a jointly-held property (Newcastle Rd JTWSR with Banks since 2007) across three bankruptcy filings — federal bankruptcy fraud — while serving as PAC treasurer from prison
JTC	Individual judicial misconduct complaints	That the complaints describe a NETWORK of 7 judges who all connect to the same convicted felon, and that the pattern is institutional capture, not individual bad acts

How the Network Exploits the Silos:

1. Different agencies, different databases, no cross-reference. Banks' IRS problems live at IRS. His school problems live at DOE OIG. His judges live at JTC. His campaign finance problems live at MI AG. His drug-trafficker employee lives at DEA. His mail fraud lives at USPS OIG. No single agency sees the full enterprise. That is by design — not Banks' design, but a structural feature of federal enforcement that he has benefited from for 14 years.

2. Each agency sees a minor or mid-level violation in their silo. A dissolved charity that didn't file? Low priority for IRS. Campaign finance fines? State-level, AG queue. A school superintendent with bad credentials? DOE OIG referral, might take

years. A mail carrier forging signatures? One of thousands of OIG cases. Individually, none of these triggers an emergency response. **Together, they describe a RICO enterprise operating across every institution that touches Detroit residents' lives.**

3. The network installed its own people in oversight positions. - **Courts:** 6 judges with undisclosed ties — they ARE the justice system - **Schools:** An ombudsman (Dagnogo) who authorized the school then moved to the office that handles complaints about it - **Treasury:** The Treasurer's family buys properties at his own auctions; his son went from lawyering for a fraud operation to sitting on the bench - **State AG:** An Assistant AG (Moreland) sits on the PCA development team — the same AG office that received the campaign finance noncompliance referrals - **Elections:** Miller and Aliyah Sabree are on the November 2026 ballot. If they win, they're protected for 6 more years.

4. The cross-reference reveals the RICO pattern. When you see that the same convicted felon (Banks) connects to the same drug trafficker (Holland), the same judges (Miller, Yancey, Sabree), the same vendor (Inner Link, \$98K), the same CPA pattern, the same campaign finance noncompliance, the same foreclosure pipeline, and the same geographic extraction from Detroit to the suburbs — the individual violations become predicate acts in an ongoing criminal enterprise.

This packet exists because no single agency would ever see this pattern. The network depends on that. This document breaks the silo.

3. ✂ POWER MAP — WHO HAS INSTITUTIONAL POWER TO PROTECT THIS ENTERPRISE

Federal investigators: this is not just a con man running a school. This is a network where **people in current positions of governmental power** have the ability — and motive — to shield the enterprise from accountability.

TIER 1: CURRENT PUBLIC OFFICIALS WITH INSTITUTIONAL POWER

Name	Position	Power	Network Role	Already Under Scrutiny?
Eric R. Sabree	Wayne County Treasurer (since 2016)	Controls \$2.2B+ in tax collections, chairs Land Bank, handles foreclosures	Endorsed Banks (2022), campaign donor overlap, dynasty below	YES — 40+ federal cases as defendant. 6th Cir: "Wayne County violated the law. It did."

Latisha Johnson	Detroit City Council District 4	Votes on city contracts, land use, ordinances	PCA Board Secretary , OFA dark money mailers (Holland's nonprofit), campaign paid Inner Link Graphics (\$850)	No federal scrutiny known
Lamar Moreland	Assistant Attorney General, State of Michigan	Represents the state in legal matters; AG office received Banks' campaign finance noncompliance referrals	PCA Board Vice Chair — sits on a school board run by the man his own office has referrals against. AGC respondent for racketeering.	AGC complaint filed
Devin Hutchings	Founder, DH Strategies; President, CPAN	Auto insurance lobby influence; ran ex-offender housing in Wayne County	PCA Board Treasurer — operates the dark money pipeline (MI Deserves Better → \$20K → Right Turn Project at Holland's property) AND handles money for Banks' school. Also ran Adult Comfort Living Housing Foundation for male ex-offenders (Holland = male ex-offender).	No
Angelique Peterson-Mayberry	DPSCD Board President	Authorized PCA (Banks' 2nd school, July 2025). Oversees all DPSCD charters.	Approved Banks' expansion despite DPSCD calling him "untenable" in 2019	No
Victoria Dagnogo	Detroit Ombudsman (10-year term through 2035)	Investigates citizen complaints against ALL city departments. Cannot be easily removed.	Was ON DPSCD board when PCA was voted in (Jul 2025), then RESIGNED → Ombudsman. Her campaign committee was AG-referred for failure-to-file. Honored by Banks at 2025 CBC party in DC.	AG referral (Oct 2023)

Donavan McKinney	MI State Representative → 2026 Democratic nominee, MI-13th Congressional District	Incoming US Congressman for the district containing Banks' schools (Detroit) and Banks' home (Harper Woods)	Honored by Banks at 2026 CBC party in DC. Former MI House staffer (Banks was MI House Rep 2012-2017). Ran on "no corporate PAC money." District covers Detroit + Harper Woods.	None known — investigate contributions
-------------------------	---	---	---	--

TIER 2: JUDGES — SITTING ON THE BENCH, CURRENT JURISDICTION

Judge	Court	Current Power	Network Connection
Cylenthia LaToye Miller	Wayne County 3rd Circuit	Hears civil, criminal, family cases in Wayne County	"Mentor," "big sister," deathbed with Banks, law school mentorship. MacDowell board connection. Book acknowledgments.
Tenisha Yancey	Wayne County 3rd Circuit	Same	Grew up same street as Banks, recruited as HD-1 successor. Sister Chalena = PCA School Leader. \$8K campaign → Inner Link.
Aliyah Sabree	Wayne County 3rd Circuit	Family Division — hears custody cases involving Detroit children	Eric Sabree's daughter. BLSA chapter with Banks at MSU Law. \$80K campaign. Father endorsed Banks.
Adam Sabree	36th District Court (elected Nov 2022, term ends Jan 1, 2029)	District court jurisdiction — same court as Yancey and Sean Perkins	Eric Sabree's son. Previously in-house counsel for Metro Property Group (RICO-accused). Father endorsed Banks.
Sean Perkins	36th District Court (appointed May 2021 by Whitmer, elected Nov 2022, term ends Jan 1, 2029)	District court jurisdiction — Room 535	Brother of Todd Perkins (Banks' attorney, 4 bankruptcies). Wayne State + Cooley Law School.
Kelly A. Ramsey	Wayne County 3rd Circuit (Criminal Div)	Hears criminal cases	Daughter Alexis "strongly recommended" Banks to Promise Schools, leading to his takeover of MacDowell.

All Wayne County 3rd Circuit judges above could potentially hear cases involving Banks network members, DPSCD disputes, or related matters. None

has recused.

TIER 3: THE OPERATIONAL CORE — BANKS + HOLLAND

Banks and Holland operate as a single financial unit to bypass cash-handling rules:

BANKS (the face)	HOLLAND (the money)
Superintendent, both schools	Purpose Foundation: Director
Agent, Purpose Group LLC	Bank on Banks PAC: Treasurer
Agent, Purpose Foundation	OFA Michigan: Officer
Agent, Banks Strategy LLC	Banks Living Trust: Successor
Trustee	
Agent, Right Turn Project (Newcastle)	Right Turn Project: Property
Banks creates entities.	Holland handles cash.
Banks signs documents.	Holland signs checks.
Banks is the public face.	Holland is the financial officer.
Banks has 3 bankruptcies.	Holland has 5 bankruptcies.
Banks has a fraud conviction.	Holland has a drug conviction.
Banks was discharged 2017.	Holland was discharged May 2024
	"WITHOUT IMPROVEMENT."
They hold property together (Newcastle Rd, JTWRS since 2007).	
They share PO boxes in Grosse Pointe.	
Every entity Banks creates, Holland gets a financial role.	
Holland was IN PRISON (2010-2024) while serving as PAC treasurer.	

WHY THIS MATTERS: No bank or fiduciary would let either of these individuals handle money independently. Together, they circumvent the controls that would normally flag their histories. Banks provides the "Dr. Brian Banks, J.D., Ph.D." credentialed front. Holland provides the hands-on cash management from behind the curtain — as PAC treasurer, nonprofit officer, and trust successor.

Current cash flow through their hands: - \$4.9M/yr MacDowell (state aid) - \$3.9M/yr Purpose Group LLC (ESP fees)
- Unknown PCA revenue (new school, state aid pending) - Purpose Foundation donations (unaudited) - OFA Michigan donations (no filing 2022-2024)

TIER 4: THE ATTORNEY — PERKINS LAW GROUP

Name	Position	Network Role
Todd Perkins (P55623)	Attorney, Perkins Law Group PLLC	Banks' personal attorney. Filed civil suits for Banks. 4 personal bankruptcies. Brother is Judge Sean Perkins (36th District Court).

Office address: 615 Griswold St, Ste 1300, Detroit MI 48226 - **Same building as** Verkeydia Hall Law PLLC (MacDowell board member) - Todd files lawsuits for Banks. Sean sits on the bench. Same family, both sides.

4. ⚡ ALREADY IN YOUR SYSTEMS — ACTIVE INVESTIGATIONS & PROSECUTIONS

Federal investigators: you don't need to build these cases from scratch. Several threads of this network are **already under active investigation, litigation, or prosecution**. This packet connects them.

CURRENTLY IN FEDERAL COURTS:

Case	Parties	Court	Status	Connection to Banks Network
Bowles v. Sabree (20-cv-12838)	Bowles → Wayne County / Sabree	MIEDC	Active. 6th Cir vacated class cert Nov 2024, remanded. Dist ct denied MTD Jul 2026.	Sabree endorsed Banks. Dynasty includes 2 judges in network. Adam Sabree managed litigation for Treasurer's office = now a defendant.
Llewellyn-Jones v. Metro Property Group (2:13-cv-11977)	Foreign investors → Metro Property Group LLC	MIEDC (Judge Lawson)	RICO-level fraud allegations. Forged leases, fake Section 8, foreign investor fraud.	Adam Sabree was in-house counsel for Metro Property Group before becoming a judge. Same foreclosure pipeline his father administers.
Fakhreddine v. Sabree (26-1680, 26-1780)	Fakhreddine → Sabree	6th Cir	Active appeals Sep 2026	Same treasurer, same unconstitutional conduct
Belle v. Wayne (26-11509)	Belle et al → Wayne County	MIEDC	Filed May 2026	Sabree/Land Bank mechanism

Bryant v. Miller (26-cv-10917)	Jeremiah Levi Bryant → Judge Cylenchia Miller et al	MIEDC	Filed May 2026 — pro se § 1983 (100-page complaint)	Attacks Miller's structural court-funding conflicts (\$200M bonds, LGBS \$13.7M bounty contract). 9 defendants. Cites MI Judicial Council Task Force admission: courts have "perverse incentives" to retain more cases. Zero Banks network overlap in defendants, but directly challenges the same judge. Useful gov't admission about court capture. (PACER Sep 20 deep analysis)
USA v. Flenory et al (05-80955)	USA → BMF (Tonesa Welch D-22)	MIEDC	Convicted 2008	Banks' blood aunt (father OD Banks). Son owns "Black Mafia Family LLC." Banks endorsed her 2026 book. Both wrote autobiographies confessing crimes.
Metro T. Properties v. Wayne (23-11457)	Metro T. → Wayne County	MIEDC	Active	Possible Sabree entity — investigate

COMPLAINANT'S ACTIVE LITIGATION — WHAT I'VE ALREADY FILED AND WHAT'S COMING

*I am not waiting for your agencies to act. I am litigating this network across multiple courts simultaneously. Every filing generates evidence. Every response — or non-response — from the network confirms the pattern. What follows is my litigation footprint so you can: 1. **Cross-reference** your own investigations with my real-time findings 2. **Monitor network responses** to my filings as evidence of coordination 3. **Time your own actions** to maximize effectiveness (especially before Nov 3) 4. **Use my defaults and findings** as independent corroboration*

ALREADY FILED — Active State Court Cases

Case	Court	Parties	Filed	Status	What It Proves
2026-4301-CZ	Ingham Circuit	Mok v. Smith, Smith, Smith, Smith (all 4)	Aug 2026	No answer filed by any defendant	Civil conspiracy, assault, mail fraud, obstruction of service — the Smith family coordinated to evade legal process and protect Banks
2026-4349-CZ	Ingham Circuit	Mok v. Banks	Aug 2026	No answer filed	UPL — Banks denied parental access to PCA claiming to be a lawyer; exercised legal judgment while a convicted felon; civil conspiracy with the Smiths

ALREADY FILED — Federal & State Complaints

ALREADY SERVED — Notifications to Adverse Counsel

Date	Recipient	Subject	Significance
Sep 19, 2026	Stuart Sandweiss (counsel for Marquita Smith, BK 26-47542-mlo)	Notice of concealed Dresden property, \$68K Lake Trust mortgage, SSN discrepancy, coordinated BK/custody timeline	Attorney is now on notice under MRPC 3.3 — must investigate. Will either amend schedules (confirming concealment) or withdraw (collapsing the BK). Either outcome is evidence for your agencies.
Sep 19, 2026	Ryan Moran (counsel for Simone Smith, BK 26-49404-lsg)	Same notice re: family coordination, education debt chain, Smith family pattern	Same MRPC 3.3 obligation. Two attorneys independently forced to investigate the same family.
Sep 18, 2026	Brian Banks (direct, 7 channels)	PPO service — full exhibit package	Served via certified mail, fax (2 numbers), email, LinkedIn, in-person attempt, and posting. Banks was in Washington DC attending his own CBC party. He will respond — or default.

NEAR-TERM FILINGS — What Agencies Should Watch For

Target Date	Action	Court	What It Generates
	PPO Hearing — Shayla Smith v. Kevin Mok	Ingham Circuit (Koenig)	Kevin's defense documents the retaliatory filing pattern. The exhibit package (Ring video, forged mail, OIG complaints, service costs, Facebook report) enters the public court record. If denied, PPO abuse becomes a counterclaim.
Oct 6-7	Default Judgment Motions — Banks (4349) + Smiths (4301)	Ingham Circuit	Neither defendant has answered. Default establishes as findings of fact: Banks committed UPL, Smiths obstructed service, Leon committed mail fraud, Leon assaulted DaSean Mitchell. These become collateral estoppel in any subsequent proceeding.
Oct 9	Custody Hearing — Mitchell v. Smith	Wayne County (Triplett)	DaSean's case. Kevin assists. Banks' UPL and the Smith family's coordination are relevant to custody fitness. Banks cannot appear as "counsel" because he is not one.

Post- Oct 9	Federal § 1983 + Civil RICO (planned)	E.D. Michigan	Names Banks, Miller, Yancey, A. Sabree, Ad. Sabree, E. Sabree, Dagnogo, Moreland, Stallworth in personal capacity . References Ingham defaults as predicate findings. Cites Bowles, Bryant, Fakhreddine, Belle, and Llewellyn-Jones. Every attorney in those existing cases becomes a de facto ally. Your agencies will see your own defendants named in a private civil RICO complaint — unless you act first (see below).
Post- Oct 9	Michigan Court of Claims (planned)	Court of Claims (Lansing)	Names DPSCD, Ombudsman's Office, AG's Office, Wayne County Treasurer's Office in official capacity . Seeks injunctive relief: independent audit of PGA/MacDowell, removal of conflicted board members, review of Dagnogo appointment. This is the institutional accountability track
Post- filing	Courtesy copies to allied attorneys	N/A	Kavanaugh (Bowles), Bryant's counsel, and others receive Kevin's § 1983. They see the network map. They have professional interest in corroboration.
Post- filing	Press notification	Elrick, Clutch Justice, WXYZ, Chalkbeat	Federal civil rights lawsuit against sitting judges — before Election Day.

⚠️ A NOTE TO FEDERAL PROSECUTORS:

I need to be direct about what this is and who I am.

I am one person. I am a U.S. Army veteran (Infantry, 2012–2015), a former Company Intelligence Support Team (COIST) analyst, a Sandia National Laboratories Fellow (2024, 1 of 11 selected nationally), and I hold an M.S. in Data Science and a B.S. in Microbiology from Michigan State University. I have a TS-eligible background with zero criminal history — nothing more than a traffic ticket, not a misdemeanor, nothing. My full CV is available on request.

I am doing this because DaSean Mitchell is my brother. We served together. His two young daughters are enrolled at Purpose Charter Academy — the school run by a convicted felon with a fake law degree, chaired by a sitting judge, and financed through a convicted drug trafficker. When I tried to exercise parental access on DaSean's behalf, Banks denied me entry claiming to be a lawyer. That is how this started.

In the 24 days since, I have filed 2 civil suits, 3 OIG complaints, 11 JTC complaints, multiple bar complaints, an FBI referral, served a PPO across 7 channels, notified 2 bankruptcy attorneys of concealed assets, transcribed and analyzed 2 autobiographies where the subjects confessed their crimes, mapped every entity and money flow documented in this packet, and built the RICO subgraph you are reading

— all while working full time and funding everything out of pocket.

It is exhausting. It is resource-intensive. And it is unsustainable.

But I need you to sit with what that means for a moment.

One person — pro se, pro bono, in under a month — produced the document you are reading. One person mapped the enterprise, cross-referenced the court records, transcribed the books, traced the money flows, identified the predicate acts, and delivered this packet to eight federal agencies simultaneously. I did this with PACER, public records, and two books where the subjects bragged about their crimes.

This network operated for 14 years across your jurisdictions. Every name in this packet has been in your systems. Banks has been in news articles since 2012. Holland has been in MDOC since 2010. The Sabrees have been in your court since 2019. Welch has been in your case files since 2005. The campaign finance referrals have been on the AG's desk since 2023. The school financials have been public on a website. The books are on Amazon.

If one civilian with no subpoena power, no badge, and no budget could connect all of this in 24 days — what does that tell you about what your agencies could find with the tools you actually have?

I am not saying this to embarrass anyone. I am saying it because the network's survival depends on your silos. This document breaks the silo. Now it's your turn.

You have subpoena power, grand jury access, criminal RICO (18 U.S.C. § 1962), wiretap authority, and the ability to freeze assets. Your tools are better than mine. This is better for everyone — including me — if your office takes it.

The § 1983 and civil RICO outlined above are real. I have the complaints drafted and the filing fees ready. I will file them if no agency acts. But I would rather be a cooperating witness than a pro se RICO plaintiff.

If any agency reading this packet opens a formal investigation, I will cooperate fully. Every document, every transcript, every exhibit in my evidence archive is yours. The Forgejo repository at git.primals.eco/publicRecord/detroit is tamper-evident and timestamped.

I am filing my state court actions regardless — those protect my rights, DaSean's parental rights, and his daughters' safety. But the federal RICO? That is yours if you want it. The evidence is in this packet. The roadmap is above. Two network judges are on the November 3 ballot. After that, the institutional protection resets for 6 years.

I did not ask for this fight. But I will not leave my brother's children in a school run by a felon, protected by compromised judges, financed through a drug trafficker, and

overseen by an ombudsman who authorized it and then moved into the office that handles complaints about it.

WHY THIS MATTERS TO YOUR INVESTIGATION

1. Every filing is a pressure test. The network MUST respond — and every response is evidence:

If the network does this...	...it proves this for your agency
Banks hires Perkins to respond	Perkins' \$15,168 campaign finance trail to network judges becomes exhibit material (IRS CI, FBI)
Judges discuss Kevin's cases with each other	Judicial misconduct — coordination response to a litigant (JTC, FBI)
Anyone scrubs websites	Spoliation — all pages already archived via Wayback Machine (FBI, DOE OIG)
Smiths contact Banks about the BK email	Evidence of civil conspiracy (USTP, FBI)
BK attorneys amend schedules	Confirms concealment of assets — original filing was fraudulent (USTP)
BK attorneys withdraw	Client lied to counsel, BK collapses, no discharge protection (USTP, IRS CI)
Dagnogo intervenes on PCA complaints	Structural conflict confirmed (DOE OIG, Court of Claims)
Network members flee jurisdiction	Consciousness of guilt (FBI, USAO)
No one responds to Ingham suits	Defaults enter — findings of fact established as a matter of law (all agencies)

2. Default judgments are free evidence. When Banks and the Smiths default (neither has answered in 30+ days), the court's findings of fact are established without contest. Your agencies can reference those findings — UPL, mail fraud, obstruction, civil conspiracy — as independently adjudicated facts.

3. The bankruptcy track feeds USTP directly. Sandweiss and Moran now have a duty to investigate. Their response (amend, withdraw, or ignore) tells USTP whether the attorneys were complicit or deceived. The Smith family's coordinated BK filings (Marquita Jul 25, Simone Aug 18, both 2026) within weeks of Shayla's June 17 custody grab and the June 24 QCD/mortgage scheme — that's a pattern only visible when you desilo.

4. The election is the deadline. Miller and Aliyah Sabree are on the ballot November 3. Every filing before that date changes the information available to voters. Every agency action before that date has maximum impact. After November 3, any newly elected/retained judges are protected for 6 years. The window is 45 days.

Metric	Value
Total felony charges filed against Banks	≥ 12 (across all cases)
Total felony convictions	6
Maximum combined statutory exposure (felonies only)	≥ 50 years prison
Maximum with habitual offender enhancement (2017 case alone)	Up to 66 years
Actual confirmed incarceration	≤ 8 months + 1 day + unknown county jail days
Total fines/costs/restitution	~\$14,338
Total probation	~4+ years (across all cases)
Years of active criminal conduct	9 (1998-2007)
Years as fugitive (bench warrant)	2+ (2005-2007, Eaton County)
Time between last felony arrest and running for State House	~8 years (2007 → 2014 campaign)
Time between AG arrest and conviction	8 months (Jun 2016 → Feb 2017)
Sentence for the AG case (3 felonies → 1 misdemeanor)	1 day

 **THE PATTERN:** Every single case follows the same trajectory — felony charges filed, then pled down to lesser offenses with minimal consequences. The 2017 AG case is the most egregious: the Michigan Attorney General investigated and arrested Banks on *three felony charges* (two counts of Uttering & Publishing, one count of

*False Pretenses) and charged him as a **habitual offender** — which could have doubled his sentence to decades. Instead, all three felonies were **reduced to a single misdemeanor** with **ONE DAY** of confinement. Within two years of this "conviction," Banks was running a charter school receiving millions in public funds.*

***FOR THE FEDS:** The question is not just "how did Banks get away with this?" but **who helped reduce these charges?** The 2017 plea agreement in Wayne 3rd Circuit (16-6940-01-FH) reduced 3 felonies with habitual enhancement to 1 misdemeanor with 1 day served. The assigned judge and prosecutor in that case should be identified. Compare to the Eaton County case where he was actually held (8 months) — the only jurisdiction outside the Wayne/Oakland network.*

The Shell Structure — Zero Employees on the Books:

MacDowell reports \$0 in personnel expenditures (MacDowell BudgetTransPersonnelRpt-24-25.pdf). Every staff member is technically an employee of Purpose Group LLC (Banks' private CMO). \$4,285,201 (72.67% of all school spending) is classified as "Professional & Technical Purchased Services" — meaning every dollar flows through Banks' private company before reaching any teacher, janitor, or bus driver.

Category	MacDowell Reports	What Actually Happens
Staff salaries	\$0	Paid by Purpose Group LLC (\$3,656,134)
Benefits	\$0	Paid by Purpose Group LLC (\$279,940)

Purpose Group reports spending	—	\$3,936,712 on staff

Banks' reported salary: \$136,000 base (\$164,070 total with FICA/health). But as sole agent of Purpose Group LLC, he also controls the \$348,489 gap between what the school pays his company and what his company reports spending.

🕒 BANKRUPTCY FRAUD THEORY (18 U.S.C. § 152)

Holland held Newcastle as JTWRS with Banks since June 2007. He filed BK three times AFTER that date (2009, April 2014, July 2014 — last two from prison). Schedule A/B requires disclosure of ALL real property interests. If Newcastle and/or Middlebelt were not disclosed, that is federal bankruptcy fraud.

⚠️ PACER PULL NEEDED: Cases 09-46072, 14-46410, 14-51632 — Schedule A/B, SOFA, Petition Estimated cost: ~\$27-45 in PACER fees. This is the cheapest federal crime we can prove or disprove.

Metro Property Group faces RICO level fraud allegations in YOUR COURT: **Hlowellyn Jones v. Metro Property Group, LLC, Case No. 2:13-cv-11977 (E.D. Mich., Judge Lawson)**

The alleged scheme: - Purchased thousands of Detroit foreclosed homes for \$500-\$5,000 - Sold to foreign investors (UK, Yemen, Australia) for \$40,000-\$50,000 - Represented homes as "refurbished," "turnkey," "Section 8 approved" — they were uninhabitable - **Forged lease documents** for non-existent tenants - **Fabricated Section 8 approvals** and post-dated audits - Charged investors for "evictions" of fictional tenants - 371-paragraph, 116-page complaint with 13 counts including fraud, RICO, and consumer protection

The pipeline: Adam Sabree went from lawyering for a company accused of exploiting the Detroit foreclosure pipeline → to managing litigation for his father's Treasurer office that RUNS that pipeline → to managing litigation for the Wayne County Land Bank → to sitting on the bench as a judge. At every step, the same foreclosure mechanism. At every step, more institutional power.

Connection to Banks Network:

- Banks and Sabree share campaign donors and endorsement networks
- Sabree's Land Bank handles tax-foreclosed properties — same mechanism in Bowles (active class action)

- Judge Aliyah Sabree (3rd Circuit, Wayne County) is Eric Sabree's daughter
- Judge Adam Sabree (36th District Court — elected Nov 2022, term ends Jan 1, 2029) — in-house counsel for RICO-accused fraud operation, then managed litigation for father's office, now a judge on the same court as Yancey and Sean Perkins
- **Bowles v. Sabree** plaintiffs are named parties in this network

7. BMF/DRUG NEXUS — TWO PUBLISHED CONFESSIONS (Your Own Case, USAO)

⚡ **THE BOOKS:** Both sides of this network published autobiographies confessing to their crimes.

Brian Banks published *"It Had 2 Happen: The Agony of Success"* (2020, ISBN 173575403X) — admissible as a party admission under MRE 801(d)(2)(A), since Banks is a defendant in Ingham 4349.

Tonesa Welch published *"Black Mafia Queen: How I Co-Founded the BMF Empire, Paid the Price, and Found Redemption"* (Kensington/Dafina, March 2026, ISBN 978 1 4967 5276 5) — a 23 chapter autobiography co authored with her son H. Corey Mills, detailing her role in the BMF drug empire, 500-kilo cocaine shipments, money laundering, and family connections. **We have a complete 3,132-line verbatim transcript.**

Banks endorsed Welch's book while serving as superintendent of two federally funded charter schools. That endorsement links a sitting school superintendent receiving Title I/IDEA funds to a convicted BMF money launderer — in print.

For federal investigators: No rules of evidence apply. Both books are intelligence gold. Every name, date, address, and admission is actionable.

Tonesa Welch — Banks' Aunt (BLOOD, Not Step)

⚡ **THE CONFIRMED FAMILY TREE — Cross-Referenced From BOTH Books**

Two commercially published autobiographies — written independently by different family members — name the same people from opposite ends of the family tree. This is not inference. This is two published, sworn to narratives confirming the same **bloodline**:

Person	Banks' Book Says	Welch's Book Says
OD Banks	"my grandfather" (Ch.1)	"my father" (Ch.3)

Rose	"my step-grandmother" (Ch.1)	"his wife, my stepmother" (Ch.3)
Toni	"my step-aunt" (Ch.1, Ch.2)	"my sister" (Ch.3)
Kim	"my step-aunt" (Ch.1)	"my sister" (Ch.3)
Joyce Banks	"my mother" (Ch.1)	(Carries Banks surname — OD's daughter with first wife Mary)
Tonesa "Toni"	"Step-aunt Toni... Black Mafia Family... to this day, Toni and I remain close " (Ch.2)	(author of the BMF book)

THE FAMILY TREE:

```

OD BANKS (b. North Little Rock, AR; d. April 5, 2011)
|
+-- married MARY (first wife) --> divorced
|   +-- Alvin (son, moved to New Jersey)
|   +-- JOYCE BANKS (daughter) = BRIAN'S MOTHER
|       +-- Brian Roderick Banks (b. Nov 15, 1976)
|       +-- Justin (13 years younger than Brian)
|
+-- lived with ROSE --> common-law/married ~1979
|   +-- Jackie (daughter)
|   +-- Kim (daughter)
|
+-- affair with CAROL THOMAS
|   +-- TONESA "Toni" WELCH = BMF DEFENDANT #22
|       +-- Marlon (eldest son, father Marlon McFarlin)
|       +-- Jason (middle son, d. June 2023)
|       +-- Harold Corey Mills (youngest, owns "BMF LLC")

```

Brian Banks' MOTHER is JOYCE BANKS — OD Banks' daughter with his first wife Mary. Tonesa is OD Banks' daughter from an affair with Carol Thomas. Joyce and Tonesa are HALF-SISTERS through their father OD Banks. Therefore: Brian Banks is Tonesa Welch's HALF-NEPHEW. The connection is paternal bloodline, not marriage or step-relationship.

Banks calls Tonesa his "step-aunt" in his book because she came from OD's affair with Carol Thomas rather than from OD's wife Rose. But the DNA runs through **his blood grandfather OD Banks. The "Banks" surname itself is the proof — it flows from OD Banks → his children → Brian.**

Banks' book confirms the BMF connection explicitly (Ch.2):

"My grandfather also had another daughter, Tonesa, who we called 'Toni'... my Step-aunt Toni got into some trouble with her then boyfriend, 'T.' When the indictment came down... the internationally known group called 'Black Mafia Family' better known as 'BMF'?... To this day, Toni and I remain close."

The "T" is Terry Lee Flenory (Southwest T), co-founder of BMF.

7a. THE ENTERPRISE NEVER DISSOLVED — IT PROFESSIONALIZED

➤ FROM STREET TO SUITE: THE WHITE-COLLAR BMF

The BMF criminal enterprise — which this office prosecuted as USA v. Flenory et al (05-80955) — was not dismantled. It was **professionalized**. The same family, the same geography, the same extraction from the same community — but the vehicles changed from cocaine to credentials, from street distribution to charter school funding, from cash in duffel bags to Purpose Group LLC invoices.

THE CONTINUITY MAP:

Phase	Era	Vehicle	Extraction Mechanism	Victims
	1990s–2005	Cocaine distribution	Drug sales, money laundering	Detroit communities — addiction, death, family destruction
Transition	2005–2012	Prison, parole, "redemption" branding	Book deals, speaking fees, brand licensing	Same communities — now paying for the story of their own destruction
White-Collar BMF	2012–present	Charter schools, political office, nonprofits, consulting LLCs, event promotion	Per-pupil funding, campaign contributions, management fees, gift cards, event ticket revenue	Same communities — now losing their children's education dollars

THE ACTORS NEVER LEFT:

Original Role	Person	Current Role	Same Community?
BMF D-22, money launderer	Tonesa Welch	Author, brand owner, speaking fees from BMF story	Yes — monetizing Detroit's drug destruction
BMF family, felon	Brian Banks	Charter school superintendent, \$164K salary + \$14K gift cards + event revenue	Yes — extracting from Detroit children's education funds
Drug trafficker	Joseph Holland	PAC treasurer, nonprofit officer, property co-owner with Banks	Yes — managing the financial pipeline

BMF brand	H. Corey Mills (Welch's son)	Owner, Black Mafia Family LLC (trademarked 2015)	Yes — merchandising the brand of community destruction
Sentencing judge turned patron	Denise Langford	Retired — wrote foreword endorsing Banks' fake credentials	Ongoing — institutional capture continues via her endorsement

✗ NEITHER ACTOR HAS TAKEN RESPONSIBILITY

Both published autobiographies have been transcribed and analyzed line by line.

Brian Banks' book (140 pages): - Uses "mistake" or "poor decision" for every felony — never "crime against [victim name]" - His ONE moment approaching honesty: *"I truly didn't have any remorse at the time"* (p. 36) — framed as PAST feeling, implying current remorse that is never expressed - His final chapter's moral: *"Forgive yourself"* — the instruction is self forgiveness, not restitution to victims - **Zero** mention of his identity theft victims. **Zero** mention of communities harmed by BMF. **Zero** mention of students receiving 3% math proficiency at his schools. **Zero** restitution offered or contemplated. - His "giving back" IS the charter school — which is itself the extraction vehicle

Tonessa Welch's book (400+ pages): - ONE sentence in the dedication: *"took accountability and responsibility for her own actions"* - ONE phrase in the co-author's preface: *"Once taking part in the destruction of our own communities"* - The OPENING LINE: *"The high that my cocaine empire sold our customers only lasted twenty minutes ... but the euphoria from the Birkin bags their money bought me lingered as long as that soft leather was hanging on my shoulder."* — This is marketing copy, not remorse. - 300+ pages glamorizing the lifestyle: mansions, Birkins, private jets, \$20K weekly shopping sprees - **Zero** mention of crack addicts. **Zero** mention of overdose deaths. **Zero** mention of Detroit neighborhoods hollowed out. **Zero** restitution offered. **Zero** victims named. - The book itself is the continued monetization of the crime

✗ FORFEITURE AND DISGORGEMENT TARGETS

Under 18 U.S.C. § 1963 (Criminal RICO forfeiture), 21 U.S.C. § 853 (Drug forfeiture), and 18 U.S.C. § 981 (Civil forfeiture), the following are potential asset recapture targets.

Asset / Revenue Stream	Legal Theory	Est. Annual Value	Entity
BMF LLC trademark + merchandise	Proceeds of racketeering; monetizing brand of prosecuted enterprise	Unknown — requires subpoena	H. Corey Mills / BMF LLC

Welch book royalties	Proceeds from story of convicted federal offense; MI MCL 780.768 (Son of Sam)	Publisher advance + royalties (Kensington/Dafina)	Tonesa Welch
Banks book royalties	Proceeds of party admission to multiple felonies; published under fraudulent credential "J.D."	Unknown — True Vine Publishing	Brian Banks
Purpose Group LLC management fees	Derived from charter authorization obtained via credential fraud (UPL)	~\$4.28M/year (\$3.94M staff + ~\$348K unexplained management fee)	Purpose Group Michigan LLC
Banks Strategy & Consultants payments	Campaign payments from sitting judges to convicted felon's consulting firm	\$2,500 (Yancey 2024); others unknown	Banks Strategy & Consultants LLC
Eventbrite event revenue	6 events, 1.1K attendees, \$28-\$162/ticket; unknown disposition of funds	~\$50K-\$150K est. (4 years)	Brian Banks (individual organizer)
CBC Week spending	Grand Hyatt / Kitchen + Cocktails / entertainment — source of funds?	~\$68K-\$280K est. (4 years)	Unknown entity
MacDowell gift card self-dealing	School funds → superintendent's personal benefit	\$13,970/year documented (FY23-24)	MacDowell Prep operating account
Inner Link Graphics revenue	\$99K from 7 political committees to single vendor	\$99K + total	Inner Link Graphics
Right Turn Project	\$0 reported, \$20K+ received at felon's address	Unknown	Right Turn Project (EIN on file)
1968 Severn Rd, GPW	Banks' primary residence; JTWRS with Holland (convicted drug trafficker)	~\$250K-\$400K est.	Banks/Holland joint tenancy
Holland properties (Middlebelt, Newcastle)	Maintained through tax redemptions by unknown parties during incarceration	~\$80K-\$150K est.	Joseph Holland

WHY THIS IS ONE ENTERPRISE, NOT ISOLATED ACTORS:

1. **Same family:** Banks and Welch share the bloodline through OD Banks. Holland is a "permanent fixture in our family" (Banks' own words). The enterprise is familial.

2. **Same geography:** All operations are centered in Detroit and the eastside suburbs (Grosse Pointe Woods, Harper Woods). The extraction zone never changed.

3. **Same victims:** The communities that suffered from BMF cocaine are the same communities whose children attend 3%-proficiency charter schools, whose cases sit in a 50,000-deep backlog before captured judges, and whose homes are foreclosed by a treasurer whose family buys them at auction.

4. **Same financial patterns:** Opacity, nominee structures, cash equivalents (gift cards), undisclosed related-party transactions, and conspicuous spending inconsistent with legitimate income — whether it's BMF cash in the 1990s or Purpose Group invoices in 2026.

5. **Same response to scrutiny:** When exposed — whether by the FBI in 2005 or by a pro se complainant in 2026 — the network's first action is to silence, retaliate, and obstruct. The PPO filings, the blocked communications, the ducked process servers — this is the same code of silence that BMF enforced on the street, now enforced through the courts.

FOR IRS CI: Every dollar of revenue from the BMF brand, both books, every Eventbrite event, every gift card, every Purpose Group management fee, and every political consulting payment should be traced. The question is not "is this income?" — it's "where did the seed capital come from, and was it ever taxed?"

FOR BANKS: The BMF enterprise's proceeds were never fully recovered. The family members who participated are now generating new revenue streams from the brand and connections built during the drug enterprise. Under 21 U.S.C. § 853, substitute assets are forfeit when original proceeds have been dissipated.

FOR USAO: A civil RICO complaint under 18 U.S.C. § 1964 provides for **treble damages** and **disgorgement** of all enterprise proceeds. The predicate acts span from the original BMF prosecution through the current charter school financial irregularities. The enterprise has been **continuous** for 30+ years. It simply changed its product line.

INTELLIGENCE NOTE — "THE ILL OMENS OF OCTOBER": Tonesa's book documents that October is the recurring month of catastrophe for the Banks bloodline: - **2003:** Brother Darry murdered — stabbed in the heart by wife (Ch.14) - **Oct 2005:** BMF indictment — 47 members arrested including Tonesa (Ch.15) - **Oct (year unknown):** Tonesa shot (Ch.21) - **Oct (year unknown):** Tonesa seriously ill (Ch.21) - **Oct 2019:** Carol Thomas (OD Banks' affair partner, Tonesa's mother) dies (Ch.21) - Tonesa, in her own published words: "I hate October!" (Ch.21)

This is relevant because the key deadlines in this matter — default judgment motions, court hearings, and the November 3 election — all converge in October 2026.

The BMF operated coast-to-coast:

Welch was prosecuted in BOTH E.D. Michigan (05-80955) AND C.D. California (05-2208). She filed two California bankruptcies post-conviction (2008, 2009) and subsequently appeared as a defendant in a California real estate case (Teachers REA v. Darry Price, 2018) — **Darry Price is now confirmed as her nephew, son of her murdered brother.**

Her son commoditizes the brand:

H. Corey Mills trademarked "**Black Mafia Family**" in 2015 and owns the LLC — literally rebranding an enterprise the federal government spent years dismantling. He co-authored the book detailing the crimes, Banks endorsed this book while running federally funded charter schools. That endorsement is in print and constitutes a party admission.

USAO E.D. Michigan: You prosecuted Tonesha Welch. She is in your system.

Her nephew (through blood father OD Banks) is now running charter schools with federal education funds while employing a convicted drug trafficker as his financial officer. The man on your FBI wiretap now controls \$7M+ in annual public school

revenue. And both of them wrote books bragging about it.

[Third judge?]	Unknown — Clutch Justice says "three sitting judges" on school boards	Unknown	Unknown

Clutch Justice (Rita Williams, Sep 13, 2026) identified "three sitting judges" across both school boards. We have confirmed Miller (PCA Chair) and Yancey (MacDowell Co-Chair). The third judge has NOT been publicly identified — the current board pages (Sep 2026) show only Miller and Yancey as sitting judges. Possible explanations: (1) a judge resigned from the board after Clutch Justice's reporting, (2) the third judge was on a prior board iteration, or (3) Adam Sabree or another network judge sat on a board but was unlisted. This remains a critical OSINT gap — Rita Williams may know the identity.

➤ 36th District Court Concentration.

Three of the seven network judges — Yancey, Adam Sabree, and Sean Perkins — all sit on the 36th District Court. This is the most congested court in Michigan, handling the highest volume of cases in the state. Any litigant in the 36th District Court has a meaningful probability of drawing a network judge. This is not scattered influence across the judiciary — it is concentrated capture of a single court.

All three won their seats in the same November 2022 election (Sabree and Yancey in a 2-seat race; Perkins in a 7-seat race). All three terms end January 1, 2029.

Both Miller and Banks were adjunct professors at Baker College (Criminal Justice dept). Miller taught at Allen Park (2012–2020) and Jackson (2018+). Banks taught Criminal Justice as a convicted felon with a fake JD who was never admitted to the bar. They were colleagues in the same department at the same institution. Miller — a sitting judge and MSU Law cum laude graduate — watched her mentee teach criminal justice under fraudulent credentials and said nothing.

Recusal Failure:

All 7 judges sit in Wayne County courts (3rd Circuit or 36th District). Any case involving Banks, his schools, his entities, or his network members could land before one of these judges. None has filed a recusal. All have active JTC complaints or supplements filed or drafted.

9. COURT CAPTURE — HOW A 50,000-CASE BACKLOG BECOMES A WEAPON

Wayne County's 3rd Circuit Court has one of the largest caseloads in the nation. At any given time, tens of thousands of cases are pending. For most residents — overwhelmingly Black, overwhelmingly low-income — this means functionally that they will never get a trial.

The Mechanism:

When a defendant or litigant faces years of waiting before a hearing, the rational choice is to accept whatever deal is offered — even if it's detrimental. A parent in a custody dispute accepts unfavorable terms rather than wait 18 months. A criminal defendant pleads to a lesser charge rather than sit in jail awaiting trial. A homeowner accepts foreclosure rather than fight the county for years. The backlog IS the punishment.

Step 2: The judges control who waits and who moves. Judicial scheduling discretion means that a judge can accelerate cases for connected parties and bury cases for everyone else. When the judge is part of the network, the network's cases move. Everyone else waits.

Step 3: The judges are the network. This packet documents 6 sitting judges with undisclosed connections to the Banks enterprise. They sit in the courts where: - **Custody cases** involving Detroit children are heard (Aliyah Sabree, Family Division) - **Criminal cases** are tried (Kelly Ramsey, Criminal Division) - **Civil cases** including foreclosure disputes are adjudicated - Any case involving Banks, his schools, his entities, or his network could be assigned

None has filed a recusal. None has disclosed the connections documented here.

Step 4: The alternative to the courts is the Ombudsman. A resident who wants to complain about the system goes to the Detroit Ombudsman. That office is now held by Victoria Dagnogo — who authorized Banks' second school before taking the position. Her term runs through 2035.

The Result:

Detroit residents are captive to a system where: - The schools extract per-pupil

funding through a felon's LLC (3% math proficiency) - The courts are staffed with network judges and paralyzed by backlog (forced pleas) - The treasury seizes their homes and lets the Treasurer's family buy them (FBI investigated) - The complaints office is run by someone who helped create the problem (10-year term) - Every institution that should protect them instead captures them

This is not corruption in the traditional sense of individual bad acts. This is institutional capture — the installation of network members at every chokepoint where a resident might seek accountability. The system doesn't fail these residents. The system works exactly as the network designed it to work.

10. THE OMBUDSMAN PROBLEM. DAGNOGO'S GOLDEN PARACHUTE

Victoria (Sherry Gay-) Dagnogo — Detroit Ombudsman (10-year term through 2035)

Field	Detail	Source
Current	Detroit Ombudsman (appointed Sep 2025, term through 2035)	City of Detroit
Previous	DPSCD Board Member (was ON board when PCA authorized, Jul 2025)	Chalkbeat, BridgeDetroit
Previous	MI House of Representatives	MI Legislature
Campaign Committee	"Dagnogo For Jobs And Edu" (ID 515680, treas. Crystal Gant Mitchell)	MI SOS
AG Referral	Referred to MI AG for failure to file (Oct 2023) — same pattern as Banks' PACs	MI SOS referral list
PCA Role	Named the PCA development team to Chalkbeat: Judge Miller, Attorney Moreland, + 6 unnamed members	Chalkbeat (Sep 2025)
Payments to Holland	\$1,500 (2018) + \$500 (2022) from Strong Women Lead PAC → Joseph Holland Jr.	TransparencyUSA
Payments to Yancey	\$250 (2022) to "Tenisha Yancey District Judge"	TransparencyUSA

The Timeline: 1. Dagnogo was a DPSCD Board Member when PCA was authorized (July 2025) 2. She personally named the PCA development team to Chalkbeat (including Judge Miller and AAG Moreland) 3. She paid Holland \$2,000 from her own PAC across 2018 and 2022 4. Her campaign committee was referred to MI AG for failure to file (Oct 2023) — same pattern as Banks' PACs 5. She then **RESIGNED** from DPSCD Board → appointed Detroit Ombudsman (Sep 2025) 6. The

Ombudsman position is a 10-year term — she is protected through 2035 7. As Ombudsman, she investigates citizen complaints against ALL city departments

Why This Matters for Federal Investigators: - She helped authorize a school for a convicted felon, then moved into the office that handles citizen complaints about city government - She paid Holland directly — the same convicted drug trafficker who serves as financial officer across Banks' entities - She cannot easily be removed (10-year appointment) - If Detroit residents complain about DPSCD's authorization of Banks' schools, the complaint routes through Dagnogo's office - Her own campaign finance non-compliance matches the Banks network pattern: Banks' PAC → AG referred. Dagnogo's PAC → AG referred. Same year (Oct 2023).

 REMAINING OSINT GAP:

- [] Dagnogo's Strong Women Lead PAC: full payee/donor list — who else did she pay?
- [] Crystal Gant Mitchell (Dagnogo's treasurer): any other network connections?
- [] What "services" did Holland provide for \$2,000 in campaign payments?

✂ **HUTCHINGS/HOLLAND NEXUS:** Hutchings ran a foundation housing male ex-offenders in Wayne County. Holland IS a male ex-offender in Wayne County — discharged from MDOC "WITHOUT IMPROVEMENT" May 2024. Did Adult Comfort Living ever house Holland? Did Hutchings know Holland through the re-entry system before the political connection? The nonprofit's locations (River Rouge, Romulus) overlap with Holland's Middlebelt/Romulus property area.

The Pipeline:

Political Event Spending — Congressional Black Caucus Week (2023–2026)

Banks has hosted **four consecutive years** of private political events during Congressional Black Caucus Week in Washington, DC, plus additional events in Detroit. Source: Eventbrite organizer profile (<https://www.eventbrite.com/o/47714438313>)

DC Events — CBC Week (Annual):

Year	Event	Venue	Ticket Price	Key Detail

2023	Michigan CBC Party w/Chubb Rock	Grand Hyatt Washington, DC	\$55.20	2-day event; hired hip-hop artist Chubb Rock

2026	Michigan CBC Reception & Party	Kitchen + Kocktails, DC	\$55.20	Honoree: Hon. Donovan McKinney (MI-13 nominee). Free food, 2hr open bar, DJ

2026	Monday Night Praise with Purpose	Greater Emmanuel IGCOC, Detroit	\$28.52	"Purpose" branded church event

Cost Element	Per Event	4 DC Events Total
Venue rental (Grand Hyatt / K + K, CBC week premium)	\$5K–\$15K	\$20K–\$60K
Food + open bar (100+ guests)	\$8K–\$30K	\$32K–\$120K
Entertainment (Chubb Rock 2023, DJs other years)	\$2K–\$20K	\$8K–\$80K
Travel + lodging (Banks + support staff, DC weekend)	\$2K–\$5K	\$8K–\$20K
Estimated DC total (2023–2026)		\$68K–\$280K
PCA Gala (Elevate, sold out, \$162/ticket)		\$15K–\$50K +

Source of funds question: Banks' only documented income sources are: 1. Superintendent salary from MacDowell Prep (public school funds) 2. Purpose Group LLC — the CMO taking \$3.9M/year from PCA (public charter funds) 3. Purpose Foundation — 501(c)(3) (public/donor funds)

Ticket revenue at \$55/head partially offsets costs, but a **SOLD OUT** Grand Hyatt event with open bar and a paid hip-hop artist does not break even at $\$55 \times [\text{attendance}]$. The gap between revenue and cost = money from somewhere else.

The political access pattern:

Banks — a convicted felon who cannot vote in many contexts — positions himself as the host/patron of Michigan's Democratic nominees during the most important political networking week of the year. He chooses the honorees:

Year	Honoree	What Banks Gets
2025	Sherry Gay-Dagnogo (Ombudsman through 2035)	Oversight protection for his schools
2026	Donavan McKinney (MI-13 Congressional nominee)	Incoming US Congressman for the district containing Banks' schools and his home

McKinney was a Michigan House member (Banks was MI House Rep 2012-2017). McKinney's district (MI-13) includes Detroit (Banks' schools) and Warren Woods (Banks' home address). McKinney ran on "no corporate PAC money" but was honored at a party hosted by a convicted felon operating a \$3.9M charter school CMO.

< NEW (Sep 20): McKinney's 2024 MI state campaign records show a \$2,283 payment to "Darryl Banks Jr." The relationship between Darryl Banks Jr. and Brian Banks has not been established, but the surname coincidence warrants investigation. McKinney also served as MI House Legislative Director (Jan 2013 – Mar 2015), overlapping with Banks' tenure as State Representative (Jan 2013 – Feb 2017) — they worked in the same building.

"I'm sorely disappointed and stand by the decision he made. Brian has been a fighter for Detroit Public Schools." She then authorized PCA as a school board member, and now serves as the Ombudsman who handles complaints about Banks' schools — through 2035.

For IRS CI: Are event costs reported on any return? Are they deducted as business expenses? Through which entity? For DOE OIG: Were PCA/MacDowell staff or funds used for event logistics? For FBI: Pattern of political access buying by convicted felon — inserting himself into Michigan's Democratic establishment annually

Jun 2024	\$1,470	"Staff gift cards, NCSC24"	MacDowell Check Detail

\$0.045 in gift cards on a single check in December. To whom? For what? Gift cards are the #1 vehicle for self-dealing in small organizations — untraceable, fungible, no audit trail.

Also: \$1,000 to "Rafeal Camper" with memo "Prayers to you and your fam" — an unexplained payment from school funds to an individual. (Clutch Justice)

Additional Check Register Anomalies (Deep Mining Sep 20):

Payee	Amount	Notes	Why It Matters
Martin Luna	\$70,333	Single largest non-ESP payee in FY23-24	Hidden payroll? Not listed as staff. No personnel expenditure report entry.
Attorney Meihn	\$9,647.20	Legal fees from school operating account	What legal work? For the school or for Banks personally?
Yecart Accounting	\$50,000 (~\$5K/month)	Annual bookkeeping	NOT the auditor (Alan C. Young). Two accounting firms — one for books, one for audit.
Detroit Athletic Club	\$1,694	Private club membership/event	School funds paying for private social club membership — personal benefit

MANAGEMENT FEE GAP: Purpose Group LLC bills MacDowell ~\$4.28M/year as the ESP (CMO). MacDowell's total revenue is ~\$4.9M. Staff costs are \$3.94M. The remaining ~\$348K is unaccounted management fees. These check register entries — Luna (\$70K), Meihn (\$9.6K), Yecart (\$50K), Detroit Athletic Club (\$1.7K), plus gift cards (\$14K) — account for ~\$145K. **The remaining ~\$203K in management fees has no public documentation.**

⚡ Perkins Family → Network Judge Donations (TransparencyUSA, Sep 19-20):

Donor	Recipient	Amount	Why It Matters
Todd Perkins	Chief Judge William McConico campaign	\$1,500	Banks' attorney donates to the Chief Judge overseeing the court where Banks network operates
David Perkins	Chief Judge William McConico campaign	\$1,000	Second Perkins donating to same judge
David Perkins	Brian Banks campaign (direct)	\$125	Confirmed direct financial link between Perkins family and Banks
Todd Perkins	Judge Aliyah Sabree campaign	\$750	Banks' attorney donates to Banks' MSU Law classmate's judicial campaign
TOTAL		\$3,375	Perkins family funding the judges who oversee their client's network

David Perkins is not just a donor — he sits on the Wayne County Probate Court (TransparencyUSA, \$70K total campaign, 2018 + 2024 elections). His "Personal Contributions" section confirms a \$125 donation directly to Brian Banks' campaign ("Brian Banks for Senate").

The Perkins map now shows FOUR family members across the system: | Person | Role | Network Function | |-----|-----|-----| | Todd Perkins | Attorney (P55623, 4 BKs) | Banks' defense attorney, Miller's gun case attorney, Inkster City Attorney | | Sean Perkins | 36th District Court judge | Sits on same court as Yancey + Adam Sabree | | David Perkins | Wayne County Probate Court judge | Donated \$125 direct to Banks, \$1,000 to McConico, \$750 to Aliyah Sabree | | Todd/David/Sean | Family relationship unconfirmed | If brothers: attorney, 36th District judge, Probate judge, all connected to Banks network |

This means Wayne County has at minimum 4 network judges (Yancey, Adam Sabree, Sean Perkins, David Perkins) plus 2 on the NOV 3 ballot (Miller, Aliyah Sabree) = 6 confirmed across two courts. David's Probate Court seat is a third captured bench.

REMAINING OSINT GAPS — DARK MONEY:

- [x] — "Voices of Women to Win" (\$350 to ILG) — **IDENTIFIED: Detroit PAC for women of color in local politics. Connected to Kalaya Long (volunteer per Metro Times). Minor network touchpoint — \$350 only.**
- [x] — Hutchings' nonprofit portfolio — **IDENTIFIED: 2 nonprofits CPAN (auto lobby), MI Head Injury Providers Council, Adult Comfort Living housing for ex-offenders in Romulus/River Rouge — overlaps with Holland's Middlebelt/Romulus property.**

Carol Banks = chief of staff to Councilman Scott Moroun's Central Transport, Schostak PAC) later renamed "Detroit Leaders" and ran dark money opposing MI Elrick in 2021 council race. Separate network but interesting: the dark money group targeting Elrick is connected to Benson's staff, and Elrick is the journalist who has been covering Brian Banks for 14 years.**
- [] Adult Comfort Living Housing Foundation: did it house Holland? River Rouge/Romulus locations overlap with Holland's Middlebelt property.
- [] Save Detroit Jobs / Detroit Leaders: any crossover with Banks network donors or Inner Link?

18. THE EXTRACTION GEOGRAPHY — EVERY DOLLAR LEAVES DETROIT

This is not a Detroit corruption scandal. This is a suburban extraction operation that uses Detroit's institutions as the mechanism.

Where the Network Lives vs. Where They Operate:

Person	Role	Operates In	Lives/Based In
Brian Banks	School superintendent, charter operator	Detroit (MacDowell, PCA)	Grosse Pointe Woods (1968 Severn Rd)
Joseph Holland	PAC treasurer, nonprofit officer, trust successor	Detroit entities	Harper Woods (21456 Newcastle Rd)
Perkins	Banks' attorney	Detroit (615 Griswold)	Birmingham-area practice
Vonda Evans	Retired judge, 2022 endorser	Wayne 3rd Circuit (retired)	Southfield (Vonda's Law PLLC)

Adam Sabree	Judge, former Metro PG in-house counsel	36th District Court	Previously Birmingham (Metro Property Group / Woodward Law Group)
Metro Property Group	RICO-accused fraud operation	Detroit foreclosed homes	Dearborn (offices)

The Dollar Flow:

DETROIT (99.2% Black, \$31K median income)

MacDowell students (362 children):

State aid → \$4.9M → Purpose Group LLC → \$3.9M → Banks (GPW)

Tax-delinquent homeowners:

Home → Foreclosure → Tax auction → Sabree family purchase → Flip
(while dad RUNS the auction)

Foreign investors (Metro Property Group):

\$40K-\$50K per home → Metro PG (Dearborn) → Uninhabitable \$500 homes

Adam Sabree, in-house counsel

Campaign donors:

Donations → Inner Link Graphics (\$98K) → ???
(owner unknown, address unknown)

Right Turn Project donors + auto insurance lobby:

\$20K+ → Right Turn Project → Holland's property → \$0 reported

GROSSE POINTE / HARPER WOODS / SOUTHFIELD / BIRMINGHAM / DEARBORN
(wealthy, majority-white surrounding ring)

The Pattern:

Every extraction point in this network takes value FROM Detroit residents and moves it TO the suburban ring:

- **Per-pupil funding** for 362 Black children → Banks' Grosse Pointe home via his private LLC (children get 3% math proficiency in return)
- **Tax foreclosed homes** from Detroit's poorest neighborhoods → Sabree family members who buy at dad's auctions (FBI investigated 2019)
- **Foreign investor capital** → Metro Property Group in Dearborn, where Adam Sabree lawyered for a company flipping \$500 houses for \$50,000

- **Charitable donations** → Right Turn Project at Holland's Harper Woods property (\$0 reported to IRS)
- **Campaign funds** → Inner Link Graphics (owner unknown — investigate)

Detroit is the plantation. Its residents — students, homeowners, litigants, taxpayers — are the captured population. The value of their schools, homes, legal rights, and tax dollars flows outward to the network members who live in the affluent surrounding communities.

The children are not failing at MacDowell (3% math). They are being warehoused. Their per-pupil funding is the crop. The LLC is the gin. The suburbs are the manor house.

14. MAIL FRAUD & OBSTRUCTION (USPS OIG)

Leon A. Smith — USPS Mail Carrier, Harper Woods Post Office

Field	Detail	Source
Position	USPS Mail Carrier	Employment records
Post Office	Harper Woods PO (covers Dresden St delivery route)	USPS
Relationship	Married to Shayla Smith; father-in-law of Marquita Smith	Family records
BK History	4 solo + 2 joint bankruptcies (all MIEB)	PACER
OIG Cases	#174517 (mail interception), #202990 (initial reference), #208322 (forgery supplement)	USPS OIG filings

The Conduct:

1. Leon intercepted 5 certified letters addressed to his wife Shayla and her family members at 20021 Dresden St, Harper Woods MI 48225. The letters contained civil lawsuit summons and complaints (Ingham County cases 4301, 4349).
2. **Signature Forgery:** All 5 green card return receipts (PS Form 3811) bear forged signatures. Handwriting comparison against Wayne County ROD notarized documents (where Marquita and Simone's genuine signatures appear) proves Leon forged all signatures — the forged signatures do not match the actual recipients' handwriting.
3. **Consciousness of Guilt (Sep 17, 2026):** When confronted with the forgery evidence, Leon responded "Good luck" via text — acknowledging receipt of the

accusation without denial. Screenshots captured and filed with OIG.

1. Physical Retaliation (Sep 2, 2026): 12 days after the mail interception, Leon physically assaulted DaSean Mitchell at 20021 Dresden St. Captured on Ring doorbell camera. Detroit Police Department Report #26-0909-0176 filed.

Federal Violations:

Statute	Offense	Specific Conduct
18 U.S.C. § 1708	Theft/receipt of stolen mail	Intercepted 5 certified letters
18 U.S.C. § 1702	Obstruction of correspondence	Prevented delivery of legal documents
18 U.S.C. § 1341	Mail fraud	Used USPS position to forge official documents
18 U.S.C. § 1001	False statements	Forged signatures on PS Form 3811 (federal document)

Network Bankruptcy Pattern (Smith Family):

Person	Solo BKs	Joint BKs	Total	Source
Leon A. Smith	4	2	6	PACER
Marquita Smith	3	2	5	PACER
Simone Smith	0	0	3	PACER
Smith family total			14	

Combined with Banks (3), Holland (5), Perkins (4), Welch (2) = 28 bankruptcies across the network.

13. RECOMMENDATIONS BY AGENCY

A NOTE ON CROSS-REFERENCING: Every agency below is receiving the same packet. This is intentional. The network survived for 14 years because each agency processed its piece in isolation. FBI had the wiretap. DOE OIG had the school complaint. IRS had the dissolved charity. AG had the campaign fines. JTC had the individual judicial complaints. DEA had the closed BMF case. None of you cross-referenced because you are not designed to.

I am asking each of you to do one thing before deciding this is someone else's problem: **check your own systems for the names in this packet.** Search for

Banks, Holland, Sabree, Welch, Perkins, Inner Link Graphics, Right Turn Project, Purpose Group, Metro Property Group. If you find hits, you already have a piece of this. This packet gives you the rest.

If you coordinate with even ONE other agency on this list, the pattern becomes undeniable. That is why every agency gets the same document.

FBI Detroit (Existing referral — supplement)

- RICO predicate acts: UPL (continuing), mail fraud, wire fraud, bankruptcy fraud
- BMF family connection (Tonesa Welch in your system)
- 21-year judicial grooming pipeline documented in Banks' own book
- FBI wiretap reference (Elrick 2022) — was Banks a target or incidental?
- **ACTIVE LITIGATION CROSS-REF:** Complainant's § 1983 + Civil RICO (filing Oct 15) names all network actors. Default judgments (Oct 6-7) will establish UPL, mail fraud, and civil conspiracy as adjudicated findings of fact. Monitor network coordination responses — any cross-defendant communication proves the enterprise element. Ingham 2026-4301-CZ and 2026-4349-CZ are generating real-time evidence of obstruction, process evasion, and retaliatory filings.

DEA Detroit (New referral)

- BMF family nexus: Banks' blood aunt is Tonesa Welch (BMF D-22) — confirmed half-nephew through shared father OD Banks
- Holland, convicted drug trafficker now running school nonprofit finances
- Banks endorsed Tonesa's 2026 book while running federally funded schools
- Her son H. Corey Mills owns "Black Mafia Family LLC" (trademarked 2015) — monetizing the brand of a prosecuted enterprise
- See Section 7a. BMF enterprise proceeds were never fully recovered. The family is now generating revenue from: (1) BMF LLC merchandise, (2) Welch's book royalties, (3) Banks' book royalties, (4) charter school management fees derived from credentials obtained via fraud. Under 21 U.S.C. § 853, substitute assets are forfeit when original proceeds have been dissipated. The enterprise changed products — cocaine to education dollars — but the family, geography, and extraction pattern are continuous.
- **ACTIVE LITIGATION CROSS-REF:** Both autobiographies (Banks' "It Had 2 Happen" + Welch's "Bleu Diamondz BMF") have been transcribed and analyzed. Banks confirms the blood relationship through father OD Banks. Welch's book details BMF financial operations, prison coordination, and the "October pattern" of network disruptions. Both are party admissions under FRE 801(d)(2)(A). Complainant's civil RICO complaint (Oct 15) includes the BMF nexus as a predicate enterprise element. Neither autobiography acknowledges a single victim or offers restitution. Both monetize the story of community destruction

for personal profit.

IRS Criminal Investigation Detroit (New referral — Form 3949-A)

- **< ENTERPRISE REVENUE TRACING:** See Section 7a. Every dollar of BMF LLC revenue, both book advances/royalties, all Eventbrite event proceeds, all Purpose Group management fees (\$4.28M/year), all Banks Strategy consulting payments, and all gift card self-dealing (\$13,970/year) should be traced to source. The question: where did the seed capital come from, and was any of it ever taxed? The family's current revenue streams are built on connections, brand recognition, and institutional positions obtained through or connected to the original criminal enterprise.
- Right Turn Project: 501(c)(3) at convicted felon's property, \$0 reported, \$20K received.
- Bank on Banks PAC: \$14.5K fines, failure to file, Holland treasurer
- Gift card self-dealing (\$9,945 per campaign finance records)
- Purpose Foundation: registered Dec 2024 at Banks' home, run by 2 convicted felons (Banks + Holland Jr) holding all 4 officer positions — zero independent governance
- OFA Michigan: Holland as officer, dark money mailers, possible auto-revocation
- 4 consecutive years (2023–2026) of private events at Grand Hyatt DC / Kitchen + Cocktails DC during Congressional Black Caucus Week. Estimated \$68K–\$280K total. Hired entertainment (Chubb Rock 2023). Free food and open bar. Source of funds unknown — Banks' only income is public school money.
- PCA Black Tie Gala: \$161.90/ticket, sold out, at Elevate (One Campus Martius, Detroit) — premium venue, May 2026. A charter school running a black-tie gala. Where did the revenue go? Through which entity?
- Banks operates as event organizer with 6 events, 3 years, 1.1K total attendees. Ticket revenue, expenses, and profits across these events — are they reported on any return?
- **ACTIVE LITIGATION CROSS-REF:** Smith family bankruptcy filings (Marquita 26-47542-mlo, Simone 26-49404-lsg) conceal a Dresden property transferred via QCD (Doc# 2025200597) same day as a \$68K Lake Trust mortgage (Doc# 2025201292). BK attorneys notified Sep 19 — their amendment or withdrawal will confirm concealment. Default judgment motions (Oct 6-7) in Ingham cases may establish asset concealment as adjudicated fact. Court of Claims filing (Oct 15) seeks independent financial audit of Banks' schools — audit results feed directly to your investigation.

DOJ Office of Inspector General (Existing complaint — supplement)

- Superintendent with fake J.D. running two federally funded schools

- 3% math proficiency at MacDowell (\$15,217 per pupil)
- \$967K operating deficit, \$719K balloon payment
- Purpose Group LLC (CMO) takes \$3.9M of \$4.9M revenue
- Convicted drug trafficker (Holland) as officer of associated nonprofit
- Banks endorsed BMF member's book while receiving Title I/IDEA funds
- **ACTIVE LITIGATION CROSS-REF:** Court of Claims complaint (Oct 15) targets DPSCD for authorizing PCA despite knowing Banks' record, and names Dagnogo's structural conflict (authorized PCA → became Ombudsman). If the Court grants injunctive relief (independent audit, conflicted board member removal), the findings feed directly to your investigation. Banks' own book confesses to the 'credential fraud that enabled his school authorization — it's a party admission. Default in Ingham 2026 4349 CZ (Oct 6-7) establishes Banks' UPL as adjudicated fact.

USAO Eastern District of Michigan (Cover letter)

- You prosecuted USA v. Flenory et al (05-80955) — BMF
- ~~Tonesa Welch (D-22) is Banks' blood aunt — half-nephew through shared biological father OD Banks (confirmed in both published autobiographies)~~
- Her nephew now runs charter schools with federal education funds
- His financial officer is a convicted drug trafficker
- His attorney (Perkins) has 4 personal bankruptcies
- 28 total bankruptcies across the network
- ~~THE ENTERPRISE IS CONTINUOUS~~ — See Section 7a. The BMF family network was not dismantled — it professionalized into white-collar extraction. Same family (Banks/Welch/Holland/Mills), same geography (Detroit eastside), same victims (Black communities), new vehicles (charter schools, political office, consulting LLCs, brand licensing, book deals). A civil RICO complaint under 18 provides for and of all enterprise proceeds. The predicate acts span from the original BMF prosecution through current charter school financial irregularities. **Neither published** ~~nor his network's current extraction~~ Both books monetize the story of community destruction. The son of BMF D-22 trademarked "Black Mafia Family" as a merchandise brand in 2015. The network's current annual extraction from Detroit: ~\$5M+ (Purpose Group alone is \$4.28M)
- **ACTIVE LITIGATION CROSS-REF:** Complainant's § 1983 (Oct 15) will be filed in your court. It cites 5 existing E.D. Mich cases against the same network defendants (Bowles, Fakhreddine, Belle, Bryant, Llewellyn-Jones). The complaint establishes that a single RICO enterprise connects what your court has been processing as isolated cases. Complainant has already forwarded the BK attorney notification to AUSA Cowley for coordination with the US Trustee investigation.

FinCEN (New — Suspicious Activity)

- Charter school → LLC → HELOC → Trust pipeline
- Cash-handling through nominee Holland (5 BKs, drug conviction)
- Right Turn Project: \$0 reported revenue, \$20K+ received
- Inner Link Graphics: \$98K from 7 committees to single vendor
- **ACTIVE LITIGATION CROSS-REF:** Smith family BK filings reveal a June 24, 2025 QCD + \$68K mortgage scheme on a property not disclosed to the bankruptcy court. The financial pipeline runs: USPS paycheck (Leon) → QCD transfer (Leon to Leon + Marquita) → Lake Trust Credit Union mortgage (\$68K) → concealment in BK (Marquita, Jul 2026). Parallel pipeline through Banks: per-pupil funding → Purpose Group LLC → Banks Trust → HELOC. Monitor both pipelines for SARs from Lake Trust CU and Banks' banking institutions.

Michigan Attorney General (Supplement to existing UPL referral)

- Bank on Banks + Bank on Wayne County. AG failure-to-file referrals
- ~~Right Turn Project: Never registered with AG Charitable Trust Section~~
- Purpose Foundation: Check if registered for charitable solicitation
- Banks' book as 184-page confession of knowing bar admission was required
- Walden dissertation lists fake J.D. on cover page
- **ACTIVE LITIGATION CROSS-REF:** Complainant's Court of Claims filing (Oct 15) names your office — specifically, AAG Lamar Moreland's dual role as PCA Board Vice Chair while employed by the AG. Your office received Banks' campaign finance noncompliance referrals in Oct 2023 and Apr 2025 while Moreland was governing Banks' school. This structural conflict is a named claim. Separately, Banks' default in Ingham 2026-4349-CZ (Oct 6-7) will establish UPL as adjudicated fact — strengthening your existing referral.

US Trustee (New — Bankruptcy fraud referral)

- Holland BK fraud: Newcastle JTWRS not disclosed on Schedule A/B?
- Banks 97-45020: Previously unknown 3rd BK
- Perkins: 4 BKs while practicing law as Banks' attorney
- Network-wide pattern: 28 bankruptcies across 7 individuals
- **ACTIVE LITIGATION CROSS-REF:** Complainant notified BK attorneys Sandweiss (Marquita, 26-47542) and Moran (Simone, 26-49404) on Sep 19 of the concealed Dresden property and \$68K mortgage. Under MRPC 3.3, they must investigate and either amend or withdraw. Their response is your evidence: amendment = confirmation of original fraud; withdrawal = client deceived counsel; silence = potential attorney complicity. AUSA Cowley has been forwarded the notification email. Marquita's Schedule A/B omits the Dresden property entirely — the QCD

(Doc# 2025200597) and mortgage (Doc# 2025201292) are Wayne County ROD public records dated June 24, 2025.

⚠️ TIME-SENSITIVE: ELECTION DEADLINES

Two network judges are on the ballot **November 3, 2026**:

Judge	Election	What Happens If They Win
Cylenthia Miller	Wayne 3rd Circuit retention	6 more years on the bench. Current scandals: gun at DTW (2024), dismissed infant murder case (Worthy appealed, 2025), practicing law while serving as judge (2026, referred to Bar). Her defense attorney on the gun case was Todd Perkins — Banks' attorney.
Aliyah Sabree	Wayne 3rd Circuit special election	Family Division — hears custody cases involving Detroit children. Father is the most-sued county official in Michigan. She is the third Sabree in institutional power (father = Treasurer, brother = judge, she = judge).

If either wins before this network is exposed, they are protected for another 6-year term. The JTC process is slow. The election is 46 days away.

Any action your agency takes before November 3 has a different impact than any action taken after. The voters of Wayne County deserve to know before they vote Elrick (Free Press) can publish. But your agencies control whether this reaches the level of formal investigation that triggers accountability.
